

WCCTV 4G IR Speed Dome + First Responder

WCCTV is the UK's most established and experienced provider of 4G enabled rapid deployment camera systems for public space monitoring.

We help our customers deliver real results (prosecutions, reduced crime and improved neighbourhood safety) by providing the highest quality technology backed by our world-class support services.

Redeployable CCTV is ideal for temporary, mobile or semi-permanent applications, and helps solve and reduce crime or the fear of crime. It allows the user to target specific hotspot areas, with the flexibility of being able to move the system to new locations as requirements change.

4G IR Speed Dome + First Responder

WCCTV's combined First Responder Alarm and redeployable CCTV system utilises the additional input channels of the WCCTV 4G IR Speed Dome to integrate a specialised blue-light alarm and audio address system.

The First Responder Alarm works as a unique deterrent in crime hotspots and areas associated with anti-social behaviour, littering and vandalism.

It can also be utilised to provide temporary safety and security during major public events, or raise an alert if a member of the public is in distress.

The system harnesses the wireless transmission (4G, 3G or Wi-Fi), local recording (up to 4TB) and 360° PTZ field of vision of the WCCTV 4G Speed Dome to provide a complete situational overview.

The unit's two remaining additional input channels, allow the addition of secondary PTZ cameras or NPR cameras. These cameras are able to share all of the features of the primary WCCTV 4G Speed Dome.

WCCTV Service

At WCCTV, we understand that each unique deployment of Redeployable CCTV cameras has different objectives, challenges and requirements.

That's why we have invested not just in world-leading technology, but also in the support services that enable our clients to effectively deploy their systems, get the results they desire and make their lives easier.

Services we provide include:

- Dedicated Telephone Support Team
- Remote Commissioning
- Onsite Assistance by WCCTV Engineers
- Performance Reports
- Onsite Training
- Remote Training
- Online Interactive Training Guides and Videos
- Service and Support Bundles

Features & Benefits

- Integrated audio and alarm capability
- Live or pre-recording audio challenges
- Compatible with the WCCTV 4G IR Speed Dome
- Built-in analytics functionality
- Built-in auto tracking
- Remote control with full pan, tilt and zoom functionality
- Remote access to live and Complete situation overview
- Portable & rapidly deployable

Possible Applications

- Fly tipping and environmental crimes
- Access control
- Infrastructure management
- Traffic monitoring
- Information gathering
- Event management
- Bespoke applications

General	Dimensions (HxWxD)	355mm x 190mm x 180mm
	Operating Temperature Range	-30 to +50°C
	Power	110-240 Volt input (mains powered) or 12 Volt DC (battery powered)
	Power Consumption	24W
	Weight	3 KG
Video	Video Inputs	4
	Operation	Simultaneous live, record, playback, remote access
	Optical / Digital Zoom	25x / 16x
	Resolution of Camera	Up to 1080p
	Maximum FPS	25
	Recording	Proprietary narrowband algorithm
	MutiMode (Recording Algorithms)	Dynamically changes record rates and compression settings for the camera
	Snapshot Video Clip	Yes
	Video Motion Search	Yes
	Archive Protection	Yes - protect against overwrite
	Wireless Communication	Supported via suitable interface - GSM, GPRS, UMTS, HSDPA, HSDPA, HSCSD, CDMA, 3G, 4G LTE
Storage	Internal Capacity	Up to 4TB
	HDD Types	Removable SATA hard disk drive
	Export	4G/ network / optional removable SATA hard disk drive
Alarms	Alarms	2 camera control, 1 alarm, 1 arming / disarming and 2 auxiliary inputs
	Alarm Function Support	Alarm log, event search, pre-event recording
	Alarm Reporting	Yes - to a remote site via email
	Display Alarm on PC Monitor	Yes or Network / 4G
	Relays	2 relays - system error and/or remote control purposes
	Video Motion Detection	Yes
Networking	Remote PC Client	Client Software Free Download
	Remote Web Browser Client	Viewing
	Password Protected	Yes
	Remote Smartphone (iPhone) Compatible	
	Remote Tablet (iPad) Compatible	
	Software Upgrade	Internet / 4G / back to back PC
	Warranty	12 months warranty with options for extended warranty
