

WCCTV HD Time Lapse Video

Wireless CCTV Ltd (WCCTV) is the market leading provider of redeployable CCTV, site security, body worn cameras and time lapse video services.

WCCTV's systems transmit live and recorded images over wireless networks including 4G and 3G mobile networks, plus satellite, Wi-Fi and broadband.

WCCTV's systems are designed for rapid deployment, and are ideal for temporary, mobile, semi-permanent applications or remote applications.

WCCTV Time Lapse Video

WCCTV provides high-quality Time Lapse Video production services for construction and demolition works, including highways and utilities infrastructure projects.

WCCTV will create a time lapse video based on your specifications. Let us know the key elements of your including your objectives, milestones and working hours, and we will ensure you receive a stunning time lapse video.

Unsure of what you're looking for? Our time lapse video experts can provide guidance on how to bring your construction, demolition or refit project to life!

WCCTV's time lapse video cameras can be integrated into a WCCTV HD Site Tower as part of WCCTV's managed site security services, or just as standalone solution.

Throughout your project, you will have access to WCCTV's time lapse portal, where you can review images and footage, download progress videos and even embed the live stream into your websites.

We can provide time lapse video cameras that do not require any additional onsite infrastructure, installation work, power sources or connectivity - meaning we can capture video where others can't.
