

13 BENEFITS OF USING A CCTV SYSTEM ON YOUR CONSTRUCTION SITE

1. SUPERVISE YOUR CONSTRUCTION WORKERS

Having a CCTV system at your sites give's you better visibility of your employees' work rate levels on a regular basis.

2. DETERMINE HOW RESOURCES ARE BEING USED

This is invaluable due to the amount of activity taking place on your site to be able to account for your resource usage fully.

3. ANALYSE YOUR CONSTRUCTION PROJECT PROGRESS

Effectively respond to any needs that arise - view from your camera how your current project is progressing.

4. DETER CRIME FROM YOUR CONSTRUCTION SITE

The presence of a CCTV system on site can deter vandals from your construction site.

5. AID IN A CRIMINAL CASE FOR PROSECUTION

Your CCTV footage may serve as evidence in a criminal case to assist the prosecutors to secure the case.

6. AID IN A CIVIL PERSONAL INJURY LAWSUIT

Even though you want your sites to remain free from injury accidents, your CCTV camera may provide valuable evidence

7. MANAGE YOUR CONSTRUCTION SITE REMOTELY

Managing your site remotely can save you time, money and energy of physically going to site to determine what is taking place.

8. PROMOTE CONSTRUCTION WORKER SAFETY

Easily monitor your site to see what areas or aspects of it need to be improved to better promote worker safety and thus prevent worksite accidents.

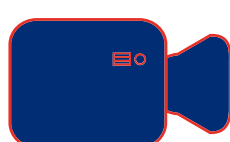

9. RECORD INJURY ACCIDENTS INVOLVING WORK

Sometimes accidents are inevitable. With a CCTV system you can review camera footage frame by frame to analyse a recent injury accident and find out the root cause.

10. REALTIME UPDATES AND FEEDBACK

View events at your site in real time. In fact, when using a monitoring station, this can deter theft by using the live audible alerts to ensure they are deterred from your site.

11. HELP WITH INSURANCE

A CCTV system may minimise how much you pay to insure the property - meaning you are lower risk.

12. MAINTAIN A PEACE OF MIND

Crime and accidents can happen anywhere and at any time, so it makes sense to invest in a CCTV system.

13. AROUND THE CLOCK COVERAGE

You can't constantly keep an eye on what's happening on your construction site, a CCTV system can record 24/7/365 - with access via a mobile app
