CASE STUDY BACKGROUND

Team Fusion is a global market leader in the provision of corporate security services and close protection. The Company was contracted to secure the filming location of 2021's season of I'm a Celebrity Get Me Out of Here.

THE CHALLENGE

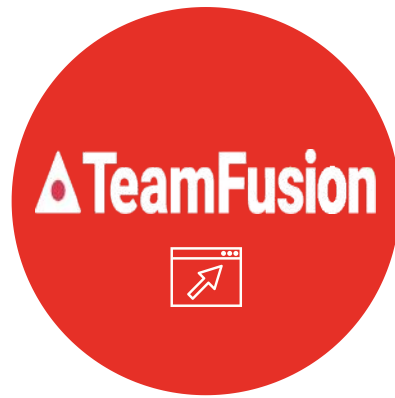

Team Fusion was responsible for all aspects of security throughout the production of the TV programme. This included securing all areas during set up, filming and post-filming.

Firstly, the remoteness of the location meant that deploying traditional fixed-CCTV systems would not be possible. Secondly, the sprawling area used for filming meant there were several challenges relating to creating a secure perimeter around the castle grounds.

Finally, the high-profile nature of the show, the celebrities involved and the fact that the location of filming was publicly known meant there was likely to be significant footfall around the location.

THE SOLUTION

WCCTV RAPID DEPLOYMENT TOWERS

- ① WCCTV provided four of its Rapid Deployment Fuel Cell Towers, and two Redeployable CCTV Cameras.
- ② The Rapid Deployment Towers are entirely autonomous of both power and video transmission, utilising eco-friendly methanol and 4G mobile networks, making them ideal for remote locations.
- ③ The Rapid Deployment Towers are entirely autonomous of both power and video transmission, utilising eco-friendly methanol and 4G mobile networks, making them ideal for remote locations.

KEY SUCCESS FACTORS

Deployment of Autonomous
Rapid Deployment CCTV
Towers for Remote Site
Surveillance

Comprehensive 24/7
Surveillance Ensuring
Continuous Protection

Strategic Partnership
Between Team Fusion and
WCCTV for Enhanced
Security Solutions

Utilisation of Remote Access
Technology for Efficient
Security Management

Adaptation to Unique
Security Challenges of a
High-Profile, Remote
Filming Location

Implementation of Eco-
Friendly Power Solutions
for Sustainable Security
Operations

KEY FEATURES

WCCTV RAPID DEPLOYMENT TOWERS

WCCTV is the UK's leading provider of rapid-deployment CCTV Towers, specifically designed to provide all-in-one site security for temporary sites such as construction, demolition and highways infrastructure projects.

Our range of solutions includes:

- WCCTV Smart Tower
- WCCTV HD Eco Site Tower
- WCCTV HD Fuel Cell Site Tower
- WCCTV HD Thermal Smart Tower
- WCCTV HD Solar Fuel Cell Tower

TOWERS	SMART	ECO	FUEL CELL	THERMAL	SOLAR

Up to 2 Thermal Detectors	✓	—	—	✓	—
Up to 4TB Removeable SATA Hard Disk Drive	✓	✓	✓	✓	✓
Remote Viewing (PC, Mobile, Tablet)	✓	✓	✓	✓	✓
Long Run Battery or Fuel Cell	✓	✓	✓	✓	✓
Audio Challenge and Siren Alarm Capability	✓	✓	✓	✓	✓
Video Analytics	✓	—	—	—	—

THE RESULT

Despite the unique challenges they faced, Team Fusion was able to provide a robust security service throughout the production.

The combination of their world-class experience and the industry-leading security technology provided by WCCTV meant they were able to have eyes on all critical locations 24/7.

WCCTV's licence-free desktop software and mobile app meant security officers from Team fusion were able to access the cameras on demand, whatever their location – giving constant situational awareness.
