

Wireless CCTV Limited Quality Policy Statement

'Wireless CCTV Ltd. aims to provide innovative, portable monitoring solutions to meet client driven needs'.

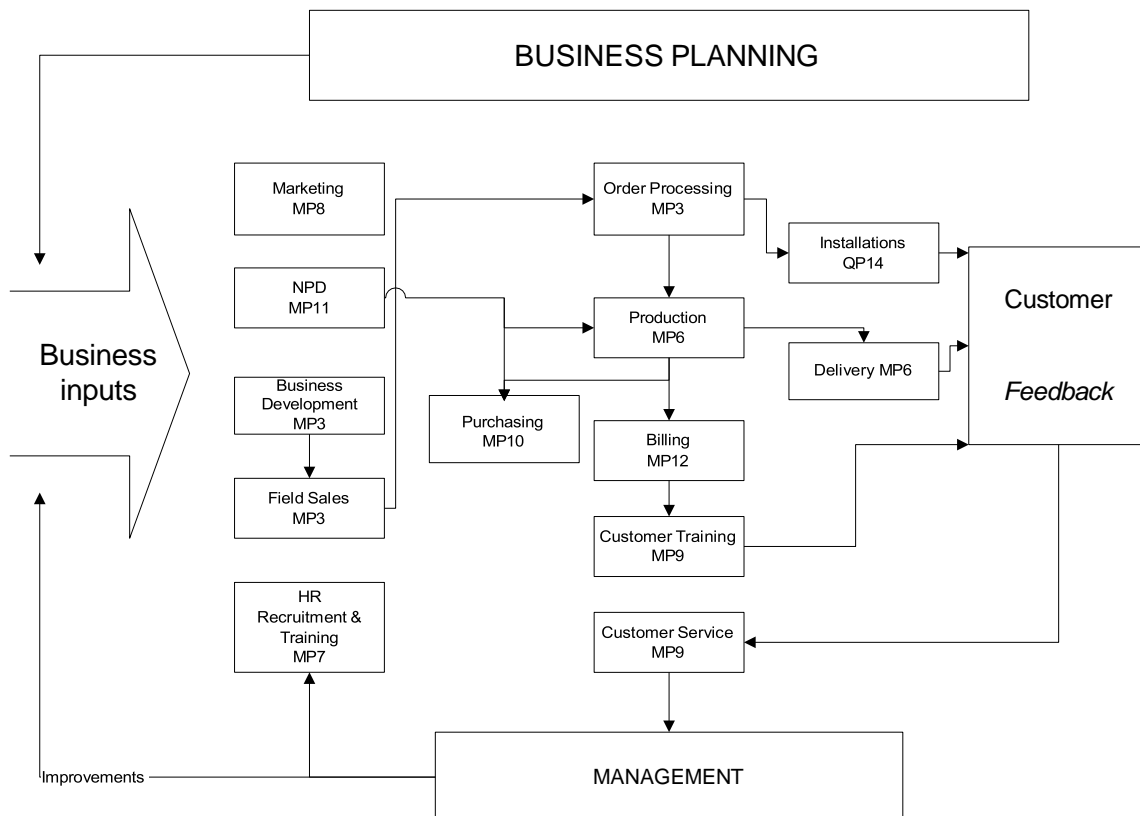

The management system within WCCTV covers all areas of the business and meets the requirements of international standards to the benefit of all stakeholders.

The system includes this document as an introduction, plus procedures covering:

- Control of Documents and Records
- Internal auditing of the management system
- Problem solving and improvement

Other processes and procedures necessary to the operation of the business are defined where necessary and are appropriate to departments and tasks as required.

The main processes cover the provision of wireless CCTV solutions and associated services. The inter-action of these processes is shown below.
